

Special Educational Needs and Disability (SEND) Policy

St Edmundsbury and Ipswich
Diocesan Multi Academy Trust

Signature of Headteacher	E Burgess
Approved by The Local Governing Body	
Date approved	November 2025
Review date	November 2026

Hintlesham and Chattisham C of E School
Special Educational Needs and Disability (SEND) Policy

Vision

*'Together we are a **PRECIOUS** team; We work hard to shine and gleam!'*

The Christian Bible talks of God seeing humans as his jewels in the making (Malachi 3:16-17)

At our school we strive to:

- promote a learning partnership between children, parents, teachers and governors
- enable each child to achieve his / her full potential through a broad, balanced and relevant curriculum
- encourage each child to develop a sense of self-esteem, self-discipline, personal responsibility and respect for others
- maintain strong links with the community and ensure that the school continues to be seen as an essential future asset for the villages
- promote spiritual awareness and respect for all other religions and cultures
- provide a stimulating, safe and secure environment, which fosters a sense of pride and ownership in the school
- provide a broad range of challenges and experiences in order to enhance the confidence, knowledge and skills of our children.

Definitions of Special Educational Needs and Disabilities (SEND)

If a child has a special educational need or disability it means that:

- *They have significantly greater difficulty in learning than the majority of others of the same age or*
- *They have a disability which prevents or hinders them from making use of educational facilities of a kind generally provided for others of the same age in a mainstream school.*

Identifying Special Educational Needs and Disabilities

There are four broad areas of need identified in the SEND Code of Practice (Jan 2015):

1. Communication and Interaction

A delay or disorder in generating, understanding and/ or interacting using speech or language including:

Speech, Language and Communication Needs (SLCN)
Autistic Spectrum Disorder (ASD)

2. Cognition and Learning

Difficulty with the skills needed for effective learning. Learning difficulties covers a wide range of needs including:

Specific Learning Difficulty (SpLD) conditions such as dyslexia, dyscalculia, dyspraxia.
Moderate Learning Difficulty (MLD)
Severe Learning Difficulty (SLD)

Profound and Multiple Learning Difficulties (PMLD)

3. **Social, Emotional and Mental Health Difficulties**

Difficulties with social or emotional development may be temporary or long-term. A variety of behaviours displayed may reflect underlying mental health difficulties such as anxiety or depression, self-harming, substance misuse, eating disorders or physical symptoms that are medically unexplained. This also includes medically identified needs including:

Attention Deficit Disorder (ADD)

Attention Deficit Hyperactive Disorder (ADHD)

Attachment Disorder

4. **Sensory and/ or Physical Needs**

A medical or physical disability which prevents or hinders access to educational facilities generally provided. These difficulties can be age related and may fluctuate overtime including:

Vision Impairment (VI)

Hearing Impairment (HI)

Multi-Sensory Impairment (MSI)

Physical Disability (PD)

Whilst these four areas broadly identify the primary need of a child, there are many factors which may impact on progress and attainment, but which are not SEND. These include:

*Attendance and punctuality

*Health and welfare

*English as an additional language (EAL)

*Being a child in care (CIC)

*Being in receipt of Pupil Premium grant

*Being more able, gifted and talented

Aims and Objectives

We use our best endeavours to secure special educational provision for pupils for whom this is required, that is 'additional to and different from' that provided within the differentiated curriculum. This is achieved through:

- All children being valued regardless of their abilities.
- To work in partnership with children and their families at every stage of the SEND process.
- To ensure that the learning capabilities of children are assessed and understood so that special educational needs and disabilities can be identified at an early stage.
- An appropriate and differentiated curriculum to be in place and delivered through **Quality First Teaching** allowing the needs of all children to be met through reasonable adjustments. To enable all children to have full access to all elements of the school curriculum.
- To create an environment that meets the special educational needs of each child in order that they can achieve their learning potential and engage in activities alongside pupils who do not have SEND.
- To make clear the expectations of all partners in the process.
- To identify the roles and responsibilities of staff in providing for children's special educational needs, ensuring a high level of staff expertise to meet pupil need, through well targeted continuing professional development.
- To work in co-operation and productive partnership with outside agencies, to ensure there is a multi-professional approach to meeting the needs of all vulnerable learners.

Success Criteria

- a) Children with SEND will be identified as early as possible
- b) Children with SEND will receive appropriate support and their progress monitored regularly
- c) Children with SEND will be provided with the support required to enable them to achieve
- d) The school's SEND records will accurately and realistically reflect the needs and progress of the children and be valuable working documents
- e) Both children and parents/ carers to feel supported by the work of the school and their views valued

Implementation of the SEND Policy

- The governing body accepts responsibility for the appropriate allocation of funds and to undertake to maintain and sustain provision according to need as outlined in the SEND Code of Practice
- Governors recognise that the day to day management of Special Educational Needs and Disability provision is the responsibility of the Headteacher. Any unresolved issues regarding SEND will be dealt with working through the school's Complaints Procedures
- The Headteacher and staff work together to implement this policy, with the SENDCo having a specific leadership responsibility

Educational Inclusion

In our school we aim to offer excellence and choice to all our children, whatever their ability or needs. We have high expectations of all our children. We aim to achieve this through the removal of barriers to learning and participation. We want all our children to feel that they are a valued part of our school community. Through appropriate curricular provision we respect the fact that children:

- Have different educational, behavioural, physical needs and aspirations
- Require different strategies for learning
- Acquire, assimilate and communicate information at different rates
- Need a range of different teaching approaches and experiences

Teacher's respond to children's needs by:

- Providing support for children who need help with communication and language
- Planning to develop children's understanding through the use of all available senses and experiences
- Planning for children's full participation in learning, and in physical and practical activities
- Helping children to manage their behaviour and to take part in learning effectively and safely
- Helping individuals to manage their emotions, particularly trauma or stress, and to take part in learning

Roles and Responsibilities (Appendix-A)

The Headteacher and the Governing Body determine the school's general policy and resources allocation. The Teaching staff are responsible for meeting SEND in their own classes and liaise with the SENDCo, who co-ordinates SEND within the school. The SENDCo in turn keeps the Governing Body aware of SEND development. In this school the appointed SENDCo is Mrs N Frolish who achieved the National SENCo Award qualification in 2016/17.

The SENDCo's responsibilities include:

- Overseeing the day-to-day operation of the school's SEND policy
- Liaising with and advising fellow teachers to co-ordinate provision for children with SEND
- Supporting class teaching assistants
- Overseeing the records of all children with SEND
- Liaising with parents/ carers of children with SEND
- Contributing to the in-service training of staff
- Liaising with local high schools so that support is provided for Y6 pupils as they prepare to transfer and with pre-schools for children transferring to Reception
- Liaising with external agencies including the LA's support, Educational Psychology Services, Health and Social services and voluntary bodies
- Applications for High Needs Funding
- To provide written reports to the Governing body at the request of the Headteacher

Identification and Assessment Procedure

A small number of children will already have had their needs identified prior to joining the school and their support will be established based initially on transition information.

In identifying a child as needing support the class teacher, working with the SENDCO, should carry out clear analysis of the pupil's needs. This should draw on the teacher's assessment and experience of the pupil, their previous progress and attainment, as well as information from the school's core approach to pupil progress, attainment, and behaviour. It should also draw on other subject teachers' assessments where relevant, the individual's development in comparison to their peers and national data, the views and experience of parents, the pupil's own views and, if relevant, advice from external support services. Schools should take seriously any concerns raised by a parent. These should be recorded and compared to the setting's own assessment and information on how the pupil is developing. This assessment should be reviewed regularly. This will help ensure that support and intervention are matched to need, barriers to learning are identified and overcome, and that a clear picture of the interventions put in place and their effect is developed. For some types of SEND, the way in which a pupil responds to an intervention can be the most reliable method of developing a more accurate picture of need. In some cases, outside professionals from health or social services may already be involved with the child. These professionals should liaise with the school to help inform the assessments. Where professionals are not already working with school staff the SENDCO should contact them if the parents agree.

Where additional needs have been identified the class teacher informs parents at the earliest opportunity to alert them to concerns and to attempt to enlist their active help. The SENDCO provides support to the class teacher in the assessment and monitoring of a child's progress advising appropriate strategies for support.

School Support

The triggers for intervention through School Support and reasons for a child being added to the SEND register will be concern, underpinned by evidence, about a child who, despite receiving differentiated learning opportunities:

- Makes little or no progress, even when teaching approaches are targeted particularly in a child's identified area of weakness
- Has a Special Educational Need or Disability that requires teaching strategies or support that is 'additional to and different from' that provided within the differentiated curriculum
- Shows signs of difficulty in developing literacy or mathematics skills which result in poor attainment in some curriculum areas
- Presents persistent emotional or behavioural difficulties which are not improved by the behaviour management techniques usually employed in the school
- Has a sensory or physical problem and continues to make little or no progress, despite the provision of specialist equipment
- Has communication and/ or interaction difficulties and continues to make little, or no, progress

The SEND process

- Encourages the participation of pupils and their families
- Integrates the work of education, health and care providers
- Follows a cyclical graduated approach

A Graduated Approach to SEND Support/ Provision (Appendix B)

1. **Quality First Teaching**- is identified as a 'wave one' provision providing a universal approach accessed by all children
2. **Targeted pupils** – are identified on the class profile and appropriate 'wave two' adjustments, support and/or interventions are provided by the classteacher/ HLTA/ TA. SENDCo provides support in assessment/ monitoring children's progress and identifying barriers to learning. It may be appropriate after continued support for a child's name to be added to the SEND register.
3. **School Support**- the majority of children on the SEND register will be in this category. Children will be supported by a member of staff to develop their own one page profile and this information will be incorporated into an individual learning portfolio outlining their strengths, identified needs and strategies to best support their learning. This will be shared with parents/ carers and they are welcome to collaborate their ideas too. The children on the SEND register will access 'wave three' specialised interventions as required and this information will be included on their individual school support plans (Appendix C). The teacher, supported by the SENDCo, will set specific measurable targets that will be reviewed on a termly basis. Advice of external agencies is sought as appropriate to meet individual needs.

- 4. Education Health Care Plan (EHCP)**- in a small number of cases where a child has high level, complex needs with little progress having been made following interventions and support from professional agencies, it may be necessary to seek further assessment of a child's needs. This is accessed through a referral to the Local Authority requesting an Education and Health Care needs assessment (EHCNA). The SENDCo would work collaboratively with parents, staff and professionals to co-ordinate a planned program of support for an individual child with an EHCP. In addition to termly reviews, where an EHCP is in place a formal annual review must be co-ordinated by the SENDCo to involve parents, where appropriate the individual child, school staff involved in direct support and any professionals currently supporting. The annual review requires a written report to be shared with all those in attendance and a copy submitted directly to the LA.

Provision

The SENDCo and the child's class teacher will decide on the action needed to best support the child in response to previous assessments. This may include a combination of adjustments, support and intervention:

- Different teaching approaches
- Access to different learning materials or specialist equipment
- Access to small group or individual support, which may be in the classroom or children being withdrawn for targeted interventions
- Staff training on effective strategies, developing knowledge and specific intervention delivery
- External specialist interventions e.g. Speech Therapist, Specialist Education Service

The effectiveness of interventions and its impact on pupil progress is reviewed regularly. This forms part of pupil progress meetings, with class teachers and SENDCo working collaboratively to evaluate the impact and plan next steps. This is recorded for each year group on their class provision map. Parents/ carers will continue to be consulted and kept informed of the action taken to support their child and any outcomes. Parents/ carers will be invited to meet regularly with the class teacher to discuss individual learning targets and progress on a termly basis. Where a child has an EHCP, there will also be formal reviews undertaken annually which any professionals supporting the child will be invited to attend.

When reviewing children's continued successful progress and planning next steps there will be occasions on which it would be then appropriate to remove their name from the SEND support register. The child's progress will continue to be monitored through the whole school assessment and tracking process and they can be reviewed by SENDCo again should concerns be raised.

Partnership with Parents/ Carers

Our *School SEND information report* can be found on the school website. This contains a detailed overview for parents/ carers on SEND arrangements and provision throughout the school. We actively encourage parents/ carers and children themselves to engage in all stages of the SEND process. We take account of the wishes, feelings and knowledge of their individual needs. We have regular meetings to share progress and encourage active involvement in the decision-making process relating to the education of children with special educational needs and disabilities.

Tests

SENDCo will provide support and advice to classteachers regarding testing arrangements following government guidance. This may include accessing adapted materials such as enlarged text or specialist coloured paper. Reasonable adjustments to be made including a reader or scribe, sitting in a small group/ 1:1, rest breaks or additional time.

Monitoring and evaluation

- The SENDCo supports the Headteacher to carefully monitor and review the provision we offer to pupils with identified SEND. This is achieved through pupil progress meetings, lesson observations/ work scrutiny, regular reviews of learning portfolio and action plans, provision maps and interventions.
- There is an identified SEND governor who supports the SENDCo to monitor attainment and progress of pupils with SEND.
- The SEND policy and SEND information report are reviewed annually.

Transition

Staff understand how difficult it can be for children, and parents/ carers, as they move into a new class or new school. Therefore, enhanced transition arrangements according to the individual needs of a child can ensure this process runs as smoothly as possible. This may include:

Pre-school arrangements

- Additional visit by SENDCo to pre-school environment and liaison with key worker
- Meetings prior to joining the school between parents/ carers, class teacher, SENDCo and any professionals involved
- Additional transition visits to school environment for child and parent/ carer
- Photographs of staff and facilities for parents to share at home

In school class to class

- Teachers to discuss individual needs of pupils with new teacher
- SENDCo to ensure all information and updated support plan is shared
- Additional visits to new classroom
- Transition work e.g. profile as an opportunity to share expectations, what works well and any fears
- Photographs of staff and class can be provided

High school

- SENDCo to liaise directly with high school SEND team to discuss individual needs
- Where appropriate additional visits can be organised
- SENDCo can organise a meeting with parents/ carers to assist transition where appropriate
- School staff to provide regular opportunities to reflect upon transition with individual pupils to ensure they have a chance to talk through any expectations or worries

Training

The SENDCo attends termly forums and ensures up to date knowledge by attending LA provided roadshows and training. An overview of training for all staff is maintained and planned opportunities provided taking into account school priorities as well as personal professional development. The Headteacher, supported by the SENDCo, takes responsibility for prioritising the training needs of staff.

Resources

The provision for SEND is funded through the main revenue budget for the school. High Needs Funding (HNF) is available to apply for on a termly basis by the SENDCo for children with severe and complex additional needs.

The SENDCo is responsible for the operational management of the specified and agreed resourcing for special needs provision within the school . This is overseen through learning portfolios and provision mapping.

The Headteacher informs the governing body of how the funding allocated to support Special Educational Needs and Disabilities has been deployed.

Dealing with complaints

The school's complaint procedures are set out in the complaints policy. The child's class teacher, supported by the SENDCo, will work closely with parents and carers at all stages in his/ her education and should be approached in the first instance where concerns occur. For more complex difficulties/ problems, the Headteacher or SENDCo will become involved in discussion.

Should a complaint remain a concern after following the standard school procedures parents or carers can request information from the school regarding next steps for an independent disagreement resolution.

Policy reviewed: November 2025

Date of next review: November 2026

Overview of Roles and Responsibilities

Teachers

- Responsibility and accountable for pupil progress and development
- Deliver quality first teaching, differentiated for individual pupil's needs
- Report concerns about individual children's progress to the Headteacher/ SENDCo, providing a clear analysis of individual needs and strategies/ support already in place
- Responsibility for adapting the curriculum and planning appropriate work for the pupil's on a daily basis
- Ensuring that time is allocated during the week for class teacher to work directly supporting pupils with SEND
- Where interventions involve group or 1:1 teaching away from the class, teacher still retains responsibility for the pupil
- To plan & assess the impact of support and interventions and how they can be linked to classroom teaching
- Termly review of learning portfolios and setting action plan targets, to be shared directly with parents
- Establish and review termly provision maps
- Close liaison with TA and SENDCO to monitor impact of interventions
- Annual report to parents
- Contribution to annual reviews for statemented/EHC pupils
- Termly Parents Evenings to review pupil progress

TA/ HLTA

- Directed by the class teacher
- To liaise with class teacher & SENDCO on pupil progress
- To deliver interventions as advised including guidance from outside agencies such as speech therapists or physiotherapists
- To provide support linked specifically to learning portfolio
- To keep records of attendance to interventions, work completed and pupil progress
- Contribute to target and portfolio reviews
- Attend/ contribute to Annual Reviews for those children with an EHCP

The SENDCo- working closely with Headteacher, Teaching and Support staff should:

- Ensure teachers are clear on how best to support vulnerable pupils
- Work alongside teacher when deciding if pupil has SEND
- Early discussion with pupil & parents to develop a good understanding of pupil strengths / difficulties, parents concerns and agreed outcomes/ next steps
- Oversee SEND interventions-ensure they match needs & desired outcomes, monitor/ assess impact including observations
- Supporting staff to maximise learning/ support to ensure SEND pupils achieve positive outcomes
- Train staff on delivering interventions
- Termly data analysis of SEND progress
- Liaise with professionals and inform parents of involvement in specialists.
- Support classteacher in further assessments of child's strengths and weaknesses, in problem solving and advising on effective implementation of support

- Referral for EHC plans/ onward agencies
- Organise and lead annual reviews for children with EHCP
- Strategic development of SEND policy & provision
- Day to day operation and co-ordination of provision
- Liaising with SENDCo's at early years providers & next providers / High Schools for transition.
- Keep SEND records up to date
- Apply for high needs top-up funding

Headteacher

Has the responsibility for the day to day management of all aspects of the school's work, including provision for children with SEND. The head teacher should keep the governing body informed and work closely with the school's SENDCo.

Governing Body

Is responsible for ensuring that the school fulfils its statutory duties. It will establish and review this policy having regard to the Code of Practice on the identification and assessment of special educational needs. It will hold the Headteacher to account for the provision of children with SEND. It will ensure that governors receive appropriate training to fulfil their roles.

A SEND governor will be appointed by the governing body. They have a responsibility to liaise regularly with the SENDCo about developments in SEND. Monitoring should be undertaken so that statutory requirements for meeting SEND within the school are met.

The Local Authority

Have a responsibility to consult with parents with regards to policy development and ensure access to information through their local offer. Where an Education Health Care Plan referral has been submitted they must engage parents by ensuring they have an opportunity to contribute their views and any relevant information. Therefore, consulting with parents regarding the content of an EHCP.

Whole School SEND Provision Map

Appendix B

Communication and Interaction	<i>Speech language and communication needs</i> <i>Social communication</i> <i>ASD</i> <i>Selective Mutism</i> <i>Tourettes</i>
--------------------------------------	--

WAVE 1 Quality first teaching for ALL pupils	WAVE 2 Adjustments & support to overcome barriers to learning	WAVE 3 Specialist interventions for individual SEN pupils with complex needs
Clear routines and visual displays. Check understanding by asking questions. Summarise key points. Use of symbols and signs. Use of taught signals to gain attention, or when it's time to listen. Specific raise and constructive feedback. Teach pupils expectations for listening and speaking. Use of multi-sensory approach (VAK) Use of volume indicator. Talking partners. Circle time rules. Use of role /drama in English or topic work. Support in class from TA to access language through objects of reference or visuals eg. carpet time. Providing means, opportunity and reasons to communicate.	Teach routines and prepare in advance for changes. Use name before giving instruction. Use concise language and visual prompts models. Pre-teach key vocabulary. Advance warning of change. Small group language support. Listening skills groups. Role play time. Turn taking opportunities and cooperative play. Team building activities. Group work where pupils are given role cards. Social skills group. Allow opportunities to work alone.	Wellcomm screen. Speech & Language Therapist support. PECs or other augmentative communication aid. Makaton. Sight or hearing screenings. Social stories. Use rules to teach social skills including tone of voice, body language and facial expressions. Use literal language and explain when ambiguous. Buddy groups or mentoring. Key adult mentor. Specific strategies to encourage communication in those with autism or selective mutism e.g. attention autism. Consider NHS SALT referrals. NDD pathway referral to assess social communication skills. Seek advice from SES inclusion meeting or referral. Consider EHCP to support complex needs.

Creating opportunities for social interaction: Alongside play, Partner or 3's, Small group, Whole class eg. 2 teams.		
---	--	--

Cognition and Learning	<i>Specific Learning Difficulty – Dyslexia, Dyscalculia, Dysgraphia and Dyspraxia. Working memory. Global Developmental Delay, Moderate Learning Difficulty.</i>
-------------------------------	--

WAVE 1 Quality first teaching for ALL pupils	WAVE 2 Adjustments & support to overcome barriers to learning	WAVE 3 Specialist interventions for individual SEN pupils with complex needs
Use of visual aids (e.g. pictures, diagrams, mind maps). Practical resources to support learning. Visual timetable. Step by step instructions. Pause to ask questions and allow processing time. Modelling learning- scaffolded support to start a task. Alternative means of recording: Use of mind-mapping/writing frames or cloze procedure worksheets. Access to ICT for writing. Line track for reading e.g. ruler/ card. Classroom TA 'hover' support- whiteboards/ note pad to scribe support. Small group learning, guided reading. Use of highlighters to look for key info in texts. Culture that making mistakes is part of learning, modelled by staff.	Toolkit with learning aids e.g. key vocab, word banks, sentence starters, number lines, 100 grid. Now/ next structure. Short 'bursts' of work. Visual schedules / task check lists. Three key learning points in a lesson- recap. Minimise copying from the board- provide paper copy of board work. Make learning strategies explicit 'thinking aloud' narrate the process. Structured choices. Pre-teaching. Mnemonics for spelling tricky words. Booster/ precision teaching small group, paired or individual sessions Toe by Toe/ Word Wasp Read, Write Inc. Beat Dyslexia Nessy Number Stacks Numicon	Use of own laptop or tablet to access learning or writing. Support learning, cue cards. TEACCh approach to access curriculum. Workstation to minimise distractions. SpLD screening Consider Education Psychology assessment- AANT. Consider Specialist Education Service-referral or inclusion support meeting. Consider EHCP if below 2 yrs ARE.

Encouraging self or peer evaluation. Encourage independence and responsibility for learning. Use of interactive software programmes with feedback develops confidence.	Power of 2 Fiddle toy for listening. Plan writing using verbal rehearsal with TA in small group. Sufficient time for problem solving time. Printed copy of board work for annotation. Study buddy to support reading. Agreed signal to ask for help.	
---	---	--

SEMH	<i>Disrupted or disturbing behaviours, Anxiety disorder Insecure Attachments, ADD, ADHD Obsessive Compulsive Disorder, Pathological Demand Avoidance Oppositional Defiance Disorder, Foetal Alcohol Syndrome Self-Harming, Eating disorders, Depression, Substance misuse Post-traumatic stress (PTSD)</i>
-------------	--

WAVE 1 Quality first teaching for ALL pupils	WAVE 2 Adjustments & support to overcome barriers to learning	WAVE 3 Specialist interventions for individual SEN pupils with complex needs
Consistent routines and expectations. Praise effort and achievement. Acknowledge positive behaviour. (Catch me being good) Whole school rules reinforced through assembly time, display and enforcing behaviour policy. Class rules formulated with class and displayed. Reward system – individual merits and whole class motivators. Seating plans. Firm but fair approaches. Offer win-win choices. Affirming good choices. Indirect praise. Assertive discipline. Using proximity or signals. Tactical ignoring Calm firm voice. May need to allow 'overlearning'. Provision of basic resources due to forgetfulness or poor planning skills.	Seated in a position with minimal distractions. Prepare in advance for planned changes/ special events. Agree start and finish time- timer to support. Make explicit task relevance. Learner selects task order. Encourage self-reflection- Learner and adult identifies success each day. Visuals to support Set own goal for the week. Small group circle time. Social skills/ nurture groups. Friendship or buddy bench in playground. Feelings lines / calming toys. Readiness to learn time. Nurture time. Regular chat time. Indirect demand language e.g. I wonder if...	Behaviour support plan / risk assessment. Key adult mentor. Meet and Greet to reduce anxiety. Soft start morning plan. 5 pt scales/ zones of regulation Use of comic strip conversation to debrief. Agreed safe space. Concise instructions and tasks to begin to avoid extended listening. Agreed signal to ask for support. Planned movement breaks to support regulation. Social stories. ELSA. Talk and draw therapy Use of conflict resolution. Consider SES referral or inclusion support meeting. Consider booking consultation with primary mental health worker. Consider School Nursing referral. Consider Emotional Well being Hub referral.

Circle time / PSHE / Citizenship / Prevent E- safety Behaviour is communication!	Planned sensory regulating movement breaks. Self-esteem journal, what went well today.	Consider referral as early help assessment family support. Consider EHCP if complex needs. Education access team if at risk of exclusion.
--	--	--

Sensory & Physical	<i>Visual Impairment</i> <i>Hearing Impairment</i> <i>Multi-sensory Impairment</i> <i>Physical disability</i> <i>Medical conditions eg Arthritis, hypermobility, NF1, Muscular Dystrophy.</i> <i>Epilepsy, Asthma, allergies</i>
-------------------------------	---

WAVE 1 Quality first teaching for ALL pupils	WAVE 2 Adjustments & support to overcome barriers to learning	WAVE 3 Specialist interventions for individual SEN pupils with complex needs
Flexible teaching arrangements. Use of appropriate aids or time for breaks. Break area or designated space. Use of aids encouraged. Where possible reduce sensory inputs in environment. Allow sitting on a chair rather than on the floor. Seating plans. Consider easy access and exit. Use of Movement breaks.	Adapt materials so more accessible. Access to resources, eg writing slope, sit and move cushion, pencil grippers, carpet tile, therabands around chair, chewellery, fiddle toys, weighted blanket, ear defenders. Resources pre-prepared for access. Adapt working position. Reduce environmental noise and consider lighting. Additional time for writing. Additional ICT for writing. Movement breaks during group time. Access to TA to support for reading or writing or physical breaks. OT resources- exercises before writing, check seating position, advice on strategies to support (need to be completed prior to referral) Finger Gym/ Gym Trail Write from the start	Consider referral for Occupational Therapy assessment Sight or hearing screenings – Irlens. Coloured overlays or paper. SES- sensory team. Inhalers, medications. Splints or wheelchair use Physiotherapy Access to calming place/Safe havens at playtimes. Sensory play boxes/ Sensory circuits

	Brain breaks	
	Sensory breaks including fidget items.
